**Catalog 2010-2011**

**CATALOG REVISIONS**

**December 2010**

## **INSERT PAGE 8, BEFORE “SOUTH UNIVERSITY – COLUMBIA” SECTION**

### **South University – Austin**

The South University – Austin campus facility will be conveniently located just off Hesters Crossing Road, at 1100 W. Louis Henna Boulevard in Round Rock, Texas, north of Austin, and will include faculty offices, lecture classrooms, and a computer lab space to support the campuses. The Austin campus will also provide students with technology to enhance learning which includes wireless internet access, video conferencing equipment, “smart” classroom technology, and student computer labs.

South University – Austin is creating a library that is designed to support general education and all of the programs to be offered at the Austin campus. The library is designed to provide comfortable seating and quiet study space and will include print and online books, periodicals, journals, CDs, videos, newspapers and numerous databases. Reviews, catalogs, publisher/vendor recommendations, faculty/student recommendations, comparisons with holdings of other libraries, and identifying and acquiring resources are methods used in collection development to ensure collections support the Austin campus’s programs at all levels.

South University—Austin offers students a broad-based core curriculum designed to promote critical thinking and effective verbal and written communication. The Austin campus will provide a comprehensive education and give students an opportunity to experience a philosophy that values both learning and a contribution and commitment to the advancement of community.

### **Addition of Degree Programs Offered at South University - Austin**

#### **Master’s Degree Programs**

Business Administration (MBA)

#### **Bachelor’s Degree Programs**

Business Administration (BBA)

Healthcare Management (BS)

Information Technology (BS)

Psychology (BA)

#### **Associate’s Degree Programs**

Accounting (AS)

Business Administration (AS)

Information Technology (AS)

South University – Austin holds a Certificate of Authorization acknowledging exemption from Texas Higher Education Coordinating Board regulations.

**Second Revision: New section to be inserted immediately after the section entitled “Add/Drop (Online Programs)” in the Academic Information section of the Catalog, page 20.**

### **Leave of Absence (Online Programs)**

#### **Overall Considerations**

A Leave of Absence may be requested by students in online programs. A Leave of Absence is not available to on-campus students (including those on-campus students who are taking online courses).

Students in online programs who take a break of 29 consecutive calendar days or less remain continuously enrolled and are classified as a full-time student. Students who need to take a break due to situations that would require them to be out of class longer than 29 consecutive calendar days should contact their Academic Counselor and request a Leave of Absence.

Students in online programs who have not attended class for over 29 consecutive calendar days are considered withdrawn from the University unless they have an approved Leave of Absence on file.

Signed Leave of Absence forms submitted after 29 consecutive calendar days of the last date of attendance will not be accepted.

#### **Requesting a Leave of Absence**

Students in online programs may request a Leave of Absence under two instances.

- **Future Leave of Absence:** A student may request a Leave of Absence to take place at a date that occurs while s/he is not enrolled in a course. Students requesting such a Leave of Absence must submit a signed Leave of Absence Request Form to their Academic Counselor. Leave of Absence Request Forms must be submitted 15 calendar days prior to the effective date of the Leave of Absence. In this case, no supporting documentation needs to be submitted.
  - If extenuating circumstances prevent a student from submitting a Leave of Absence Request Form prior to 15 calendar days before the effective date of the Leave of Absence, the Leave of Absence form will be accepted on a case by case basis and must be submitted by the student with supporting documentation related to the extenuating circumstances. These extenuating circumstances include military deployment, extended serious medical emergencies, extended serious family emergencies, jury duty, or natural disasters.
- **Immediate Leave of Absence:** A student may request a Leave of Absence to take place immediately due to extenuating circumstances while s/he is enrolled in a course. Students requesting such an immediate Leave of Absence must submit a signed Leave of Absence Request Form to their Academic Counselor. Forms will be accepted on a case by case basis and must be submitted by the student with supporting documentation related to the extenuating circumstances. These extenuating circumstances include military deployment, extended serious medical emergencies, extended serious family emergencies, jury duty, or natural disasters.
  - Students may not request an immediate Leave of Absence after the 31<sup>st</sup> calendar day of a 5 ½ week class or the 58<sup>th</sup> calendar day of an 11-week class. Students receiving a WF in a course will not be eligible for an approved Tuition Waiver for a Future Course and a Leave of Absence will not be granted.

## **Page 20 cont'd**

In the event of a natural disaster the University will evaluate the need for a student in the disaster zone to be placed on an approved Leave of Absence.

Students receiving an approved Leaving of Absence do not receive any extension of time in which to fulfill the requirements for an awarded course Incomplete.

### **Additional Leave of Absence or an Extension of a Current Leave of Absence**

Students are limited to no more than two Leaves of Absence of 60 calendar days or less within a 12-month period. Students may be granted an additional Leave of Absence or an extension of a current Leave of Absence due to extenuating circumstances. Students requesting an additional Leave of Absence or an extension to a current Leave of Absence must submit a signed Leave of Absence form to their Academic Counselor. The form must explain the extenuating circumstances that require an additional Leave of Absence or an extension of a Current Leave of Absence. The form must be submitted by the student with supporting documentation related to the extenuating circumstances. These extenuating circumstances include military deployment, extended serious medical emergencies, extended serious family emergencies, jury duty, or natural disasters.

The Senior Director of Academic Counseling is responsible for reviewing and approving the request. Request for an additional Leave of Absence or an extension of a current Leave of Absence must be received 15 calendar days prior to the end of the current Leave of Absence. Leave of Absences (including extensions) may not exceed 180 calendar days in a 12-month period.

### **Returning from an Approved Leave of Absence**

Students returning from an approved Leave of Absence that was granted during the time they were enrolled in a course will be allowed to complete coursework started prior to the leave with no additional charges assessed. The University allows students who start a Leave of Absence during a course to withdraw (with a grade of WX) with a Tuition Waiver for a Future Course. Although students will not be charged for the subsequent course, students must re-take the entire course.

If a student does not return from an approved Leave of Absence, the official withdrawal date and beginning of the loan grace period (if applicable) is the last date of class attendance.

Leave of Absences may not exceed 180 calendar days in a 12-month period. The 12-month period begins the first day of the first Leave of Absence. Students who fail to return on the 180<sup>th</sup> calendar day will be administratively withdrawn from school.

**Specializations for Business Administration Choose 16**

**one:**

**General (non-specialized)**

Choose a combination of four (4) courses from any Business Administration specialization below. (16)

**Construction Management Choose four:**

CON3010 Construction Materials, Methods, and Equipment (4)  
CON3020 Construction Design Communications (4)  
CON4010 Essentials of Construction Cost Estimation (4)  
CON4015 Construction Project Planning and Scheduling (4)  
CON4020 Construction Project Management (4)

**Finance Choose four:**

ECO3007 Money and Banking (4)  
FIN3031 International Finance (4)  
FIN4035 Investments and Portfolio Management (4)  
FIN4060 Financial Statement Analysis (4)  
FIN4101 Enterprise Risk Management (4)

**Hospitality Management**

HSM3001 Principles of Hospitality Management (4)  
HSM3005 Hospitality Management Operations (4)  
HSM4400 Hospitality Strategic Management (4)  
*Choose one (1) additional course from the following:*  
HSM3100 Hospitality Law (4)  
HSM3200 Managing Employee Relations in the Hospitality Industry (4)  
HSM3300 Hospitality Facilities Planning (4)  
HSM3400 Managing Conventions and Meeting Planning (4)

**Human Resource Management Choose four:**

HRM4010 Employment Law (4)  
HRM4020 Workforce Staffing, Recruitment and Placement (4)  
HRM4030 Workforce Compensation and Benefits (4)  
HRM4040 Workforce Training and Development (4)  
HRM4050 Employee and Labor Relations (4)  
MGT3045 Human Resource Management (4)

**Management and Leadership**

FIN4055 Financial Management for Small Business (4)  
MGT3102 Leadership (4)

MGT4054 Small Business Management (4)

Choose one (1) additional course from any other Business Administration specialization. (4)

**Management Information Systems Choose four:**

MIS3101 Applications of Management Information Systems (4)

MIS3112 Management Information Systems Project Management (4)

MIS4510 Introduction to Management Information Systems (4)

MIS4520 Systems Analysis and Design (4)

MIS4530 Information Systems Management (4)

MIS4540 Case Studies in Management Information Systems (4)

**Marketing Choose four:**

MKT4102 Consumer Behavior and Marketing Research (4)

MKT4103 Marketing, Sales, and Channel Management (4)

MKT4104 Retail Marketing (4)

MKT4105 Services Marketing (4)

MKT4106 Advertising and Promotion (4)

MKT4110 Global Promotional Practice (4)

MKT4113 Global Channel Management (4)

**Real Estate**

REA3001 Introduction to Real Estate (4)

Choose three (3) additional courses from the following:

REA4001 Real Estate Appraisal (4)

REA4010 Real Estate Development (4)

REA4020 Real Estate Debt Financing (4)

REA4025 Real Estate Equity Financing (4)

**Supply Chain Management and Logistics Choose four:**

MGT3035 Fundamentals of Project Management (4)

MGT3050 Organizational Change Management (4)

MGT4210 Logistics & Transportation Management within Supply Chains (4)

MGT4220 Purchasing & Vendor Management (4)

MGT4230 Supply Chain & Logistical Modeling & Simulation (4)

MGT4240 Advanced Topics in Supply Chain Management (4)

**Electives** 8

Choose two (2) additional elective courses from any Business Administration specialization above.

**Capstone Sequence** 8

MGT4070 Strategic Management (Capstone Course 1) (4)

BUS4098 Business Simulation (Capstone Course 2) (4)

**Page 40**

AHS2098 Medical Assisting Practicum (6)

**Page 64****General Admissions Application Procedure  
Revision to #2**

Submit acceptable transcripts (including verifiable faxed transcripts) from all high schools and colleges attended within ten weeks of the class start date.

**Page 64****General Admissions Requirements****Delete the current version and replace with the information listed below****General Admission Requirements**

To be admitted to any of the programs at South University, including online programs, the prospective student must be a high school graduate or the equivalent (e.g., GED) and submit a minimum combined SAT I score of 900, a combined ACT score of 19, or a satisfactory score on the University administered admissions examination (see the Admissions Office) or meet the criteria established for acceptance as a transfer student. South University accepts the International Baccalaureate Program diploma as meeting the requirement for high school graduation.

Students who fail to provide proof of high school graduation within 10 weeks of their start date will:

- Be removed from class.
- Have their enrollment cancelled.
- Not receive final course grades.
- Not receive a transcript.
- Not be responsible for any tuition and related fees.

**Financial Information**

**Revision to Payment of Tuition and Fees**

**Replace current information with the revised listed below**

**Payment of Tuition and Fees**

All charges are due and payable on or before the registration date for each quarter. For students in online programs all charges are due and payable on or before the start date for each course. Circumstances which prevent a student from adhering to these dates should be discussed with the business office. Students attending school under a grant or loan should confer with the director of financial aid concerning the payment of fees; students attending school under the G.I. Bill can discuss payment of school fees with the director of financial aid. Failure to make proper payments, unless otherwise cleared with the business office, will result in dismissal from the University. Grades will not be issued, degrees granted, or academic transcripts furnished until all financial obligations have been satisfied and all university property returned.

**Refund of Tuition**

Tuition charges are based on the total number of credit hours for which a student is enrolled on the first day of classes (as listed in the University calendar), regardless of program. Refunds or tuition adjustments will be awarded according to the following guidelines:

1. If circumstances prevent matriculation before a student begins attending the University, all tuition charges will be refunded. The application fee will be refunded only if a refund is requested within three days of application.
2. A tuition adjustment results when a student officially changes enrollment status (fulltime to part time, part time to less than part time or part time to full time) during the drop/add period. No adjustment will be made for students dropping individual classes after the drop/add period.
3. Savannah campus: Refunds for students withdrawing from all classes will be based on the following guidelines: [a] students completing no more than five (5) percent of instructional time will receive a ninety-five (95) percent of tuition refund; [b] students completing more than five (5) but no more than ten (10) percent of instructional time will receive a ninety (90) percent of tuition refund; [c] students completing more than ten (10) percent but no more than twenty-five (25) percent of instructional time will receive a seventy-five (75) percent of tuition refund; [d] students completing more than twenty-five (25) percent but no more than fifty (50) percent of instructional time will receive a fifty (50) percent of tuition refund; [e] students completing more than fifty (50) percent of instructional time will receive no refund of tuition.

Students in South University's online programs who drop before the start date of the course will receive a 100% refund of the total cost of tuition for the course. Tuition refunds after the start of a course are based on weekly attendance.

- Students who withdraw from their course after attending week 1 will receive a 75% tuition refund.
- Students who withdraw from their course after attending week 2 will receive a 50% tuition refund.
- Students who withdraw from their course after attending week 3 will receive a 25% tuition refund.
- Students who withdraw from their course during or after the 4<sup>th</sup> week will receive 0% tuition refund.

4. West Palm Beach, Tampa, Montgomery, and Columbia\*\* campuses: Students who withdraw from all attended classes during the first week of the quarter are entitled to a refund of 75 percent of the tuition paid for the quarter. A refund of 50 percent will be made if withdrawal occurs during the second week after the scheduled date classes are to begin. Students who withdraw during the third week will be refunded 25 percent. Students who withdraw after three weeks have elapsed from the scheduled

beginning of classes will be entitled to no refund of any part of the tuition paid that quarter.

### **Page 78 cont'd**

\*\* Columbia campus: For students attending the University for the first time and who withdraw from the institution, a prorated refund calculation shall be applied up to 60 percent point in time of that initial term. Prorated refund is a refund for a student of not less than that portion of tuition, fees and other charges assessed the student equal to the portion of the period of enrollment for which the student has been charged that remains on the last day of attendance by the student, rounded downward to the nearest ten percent of that period, less any unpaid charges owed for the period of enrollment for which the student has been charged, and less an administrative fee not to exceed the lesser of five percent or one hundred dollars.

### **Return of Title IV Funds (On-campus Programs)**

For Title IV (federal financial aid) recipients who withdraw from attendance, the college is mandated by federal regulation to determine the amount of Title IV funds the student has earned at the time the student ceases attendance. The amount earned is based on the amount of calendar days in the term completed by the student, divided by the number of calendar days in the same term, excluding any scheduled breaks of at least five (5) consecutive days. The amount earned is based on the amount of time the student has spent in attendance and is not related to the student's institutional charges. The amount of Title IV funds earned is based upon a proportional calculation through sixty (60) percent of the term attended. The college will use the following steps in order to determine the amount of Title IV a student who withdraws has earned:

1. Determine the date of withdrawal and determine the percentage of payment period (term) attended by the student.
2. Determine the amount of Title IV aid earned by the student by multiplying the total Title IV aid for which the student was eligible by the percentage of time enrolled.
3. Compare the amount earned to the amount disbursed. If the amount earned is greater than the amount disbursed, then a post withdrawal disbursement can be made if the student is eligible for a "late disbursement." If the amount disbursed exceeds the amount earned, the excess Title IV aid must be returned.
4. Allocate the responsibility for returning unearned aid between the college and the student according to the portion of disbursed aid that could have been used to cover institutional charges and the portion that could have been disbursed directly to the student once institutional charges were covered.
5. Distribute the unearned Title IV aid back to the Title IV programs. Examples of Return to Title IV and refund calculations may be obtained through the office of financial aid.

#### **Allocation Order of Refunds:**

1. Unsubsidized Federal Stafford Loans
2. Subsidized Federal Stafford Loans
3. Federal Perkins Loans
4. Federal PLUS Loans
5. Federal Pell Grants
6. Federal Academic Competitiveness Grant
7. Federal SMART
8. Federal SEOG
9. Federal Teach Grants
10. Other assistance awarded to the student under programs authorized by Title IV
11. Required refunds to other Federal, State, private, or institutional student financial assistance

received by the student  
12. To the student

**Page 78 cont'd**

**Return of Title IV Funds (Online Programs)**

When a student withdraws from the payment period, the amount of federal financial aid assistance the student earned is determined by a specific formula. Generally, a payment period consists of 18 credits. If the student received less assistance than the amount the student earned, the student may be able to receive those additional funds as a post-withdrawal disbursement. If the student received more assistance than the amount the student earned, the excess funds must be returned by the University and/or the student. The excess funds could result in an overpayment. The amount of assistance the student earned is determined on a rate-of-progression basis. When the student completes more than 60% of the payment period, the student earns all the assistance scheduled for that payment period.

Allocation Order of Refunds:

1. Unsubsidized Federal Stafford Loans
2. Subsidized Federal Stafford Loans
3. Federal Perkins Loans
4. Federal PLUS Loans
5. Federal Pell Grants
6. Federal Academic Competitiveness Grant
7. Federal SMART
8. Federal SEOG
9. Federal Teach Grant
10. Other assistance awarded to the student under programs authorized by Title IV
11. Required refunds to other Federal, State, private, or institutional student financial assistance received by the student
12. To the student

**Page 78 cont'd**

**Loan Disbursement Information (Online Programs)**

The first payment period will be delivered on or after the start date of the course, depending upon completion of the financial aid paperwork.

The second payment period will be delivered once a student has successfully completed the first payment period and the student has begun the second payment period of the Academic Year which is defined at the time of certification of Title IV funds.

Grades of W, WF, I, or F do not count toward successfully completed courses. Grades of D that do not count towards successful completion of required major course and thus must be repeated, also do not count toward successfully completed courses. In addition, students who are required or choose to repeat courses in which they earned a grade of C, will not have the repeated course counted toward successfully completed courses.

A student may receive subsequent loans once the conditions of the current loan have been met.

Note: Once a grade of I is successfully completed for a permanent grade as outlined above, the course will count towards successful completion. However, no subsequent Title IV certifications can occur until a grade other than I is posted.

**Approved Tuition Waiver (Online Programs)**

Students receiving a W for a course will be granted an Approved Tuition Waiver upon return. Any student retaking a course within 90 days of receiving a W, will be granted an Approved Tuition Waiver. Any tuition for the course already paid by the student will be credited toward the student's account. Students must re-take the entire course.

**First Revision: Revised section to replace the section entitled “Attendance” in the Academic Information section of the Catalog, page 84.**

**Page 84**

### **University Attendance Policy**

South University maintains an institutional attendance policy to support the academic achievement of its students. Students are expected to attend all scheduled class, laboratory, and examination periods each week. Students, whether present or absent from class, are responsible for knowing all that is announced, discussed, and/or lectured upon in class or laboratory, as well as for mastering all assigned reading. In addition, students are responsible for submitting on time all assignments and examinations as required in the class.

Students are expected to attend all scheduled activities that are part of the class, including those activities scheduled during class time and those scheduled outside of class time. An individual on-campus or online program may have specific policies (which in some cases may be more stringent than the general attendance requirements) as to the effect of attendance on class meetings, course assignments, off-campus activities, internships/externships, clinical and practicum activities, and other program requirements.

#### **Attendance Requirements**

Students taking on-campus classes must attend 75 percent or more of the scheduled class time of the on-campus class (including on-campus classes that contain an online component). Tardiness, early departure, or other time away from class will adversely affect a student’s class attendance. Students who fail to attend an on-campus class session will be given an absence for that session. If a student’s cumulative absences (including episodes of tardiness, early departure, or other time away from class) exceed 25 percent of the scheduled class time of the course, the student will be administratively withdrawn from the course. If a student is administratively withdrawn due to attendance before the 31<sup>st</sup> calendar day of 5 ½ week class, the student will receive a W grade (if after the 31<sup>st</sup> calendar day of the class, a WF grade is assigned). If a student is administratively withdrawn due to attendance before the 58<sup>th</sup> calendar day of an 11-week class, the student will receive a W grade (if after the 58<sup>th</sup> calendar day, a WF grade is assigned). The last date of attendance will be the last day where the student met the attendance requirements.

Students taking online classes must post in their online course at least two days each week. For online classes that end on a Wednesday, students must post one day from Monday to Wednesday to meet the weekly attendance.

For online classes that end on a Saturday, students must post one day from Thursday to Saturday to meet the weekly attendance. Students who fail to meet the attendance requirements for a week will be given an absence for that week. Students who fail to meet the attendance requirements for two weeks during a course will be administratively withdrawn from the course. If a student is administratively withdrawn due to attendance before the 31<sup>st</sup> calendar day of 5 ½ week class, the student will receive a W grade (if after the 31<sup>st</sup> calendar day of the class, a WF grade is assigned). If a student is administratively withdrawn due to attendance before the 58<sup>th</sup> calendar day of an 11-week class will receive a W grade (if after the 58<sup>th</sup> calendar day, a WF grade is assigned).

New online students who do not meet the attendance requirements for the first week of the course will be unregistered from the course and have their enrollment cancelled.

Reentry online students who do not meet the attendance requirements for the first week of the course will be unregistered from the course and have their school status moved back to withdrawn.

Students in online programs who are administratively withdrawn from a course for not meeting attendance requirements and do not attend class within 29 consecutive calendar days of their last date of attendance will be administratively withdrawn from school.

## **Page 84 cont'd**

### **Attendance Week**

For on-campus classes beginning on a Saturday, the attendance week is defined as beginning on Saturday at 12:00 a.m. in the campus' time zone to 11:59 p.m. in the campus' time zone the following Friday.

For on-campus classes beginning on Thursday, the attendance week is defined as beginning on Thursday at 12:00 a.m. in the campus' time zone to 11:59 p.m. in the campus' time zone the following Wednesday. The last week of the class begins on Thursday at 12:00 a.m. in the campus' time zone and ends on the following Saturday at 11:59 p.m. in the campus' time zone.

For online classes beginning on a Monday, the attendance week is defined as beginning on Monday at 12:00 a.m. Mountain Time (MT) to 11:59 p.m. MT the following Sunday. The last week of a 5 ½ week class begins on Monday at 12:00 a.m. MT and ends on the following Wednesday at 11:59 p.m. MT.

For online classes beginning on Thursday, the attendance week is defined as beginning on Thursday at 12:00 am MT to 11:59 p.m. MT the following Wednesday. The last week of a 5 ½ week class begins on Thursday at 12:00 a.m. MT and ends on the following Saturday at 11:59 p.m. MT.

Second Revision: New section to be inserted immediately after the section entitled "Add/Drop (Online Programs)" in the Academic Information section of the Catalog, page 18.

### **Leave of Absence (Online Programs)**

#### **Overall Considerations**

A Leave of Absence may be requested by students in online programs. A Leave of Absence is not available to on-campus students (including those on-campus students who are taking online courses).

Students in online programs who take a break of 29 consecutive calendar days or less remain continuously enrolled and are classified as a full-time student. Students who need to take a break due to situations that would require them to be out of class longer than 29 consecutive calendar days should contact their Academic Counselor and request a Leave of Absence.

Students in online programs who have not attended class for over 29 consecutive calendar days are considered withdrawn from the University unless they have an approved Leave of Absence on file.

Signed Leave of Absence forms submitted after 29 consecutive calendar days of the last date of attendance will not be accepted.

#### **Requesting a Leave of Absence**

Students in online programs may request a Leave of Absence under two instances.

- Future Leave of Absence: A student may request a Leave of Absence to take place at a date that occurs while s/he is not enrolled in a course. Students requesting such a Leave of Absence must submit a signed Leave of Absence Request Form to their Academic Counselor. Leave of Absence Request Forms must be submitted 15 calendar days prior to the effective date of the Leave of Absence. In this case, no supporting documentation needs to be submitted.
  - If extenuating circumstances prevent a student from submitting a Leave of Absence Request Form prior to 15 calendar days before the effective date of the Leave of Absence, the Leave of Absence form will be accepted on a case by case basis and must be submitted by the student with supporting documentation related to the extenuating circumstances. These extenuating

circumstances include military deployment, extended serious medical emergencies, extended serious family emergencies, jury duty, or natural disasters.

- Immediate Leave of Absence: A student may request a Leave of Absence to take place immediately due to extenuating circumstances while s/he is enrolled in a course. Students requesting such an immediate Leave of Absence must submit a signed Leave of Absence Request Form to their Academic Counselor. Forms will be accepted on a case by case basis and must be submitted by the student with supporting documentation related to the extenuating circumstances. These extenuating circumstances include military deployment, extended serious medical emergencies, extended serious family emergencies, jury duty, or natural disasters.
  - Students may not request an immediate Leave of Absence after the 31<sup>st</sup> calendar day of a 5 ½ week class or the 58<sup>th</sup> calendar day of an 11-week class. Students receiving a WF in a course will not be eligible for an approved Tuition Waiver for a Future Course and a Leave of Absence will not be granted.

In the event of a natural disaster the University will evaluate the need for a student in the disaster zone to be placed on an approved Leave of Absence.

Students receiving an approved Leaving of Absence do not receive any extension of time in which to fulfill the requirements for an awarded course Incomplete.

#### **Additional Leave of Absence or an Extension of a Current Leave of Absence**

Students are limited to no more than two Leaves of Absence of 60 calendar days or less within a 12-month period. Students may be granted an additional Leave of Absence or an extension of a current Leave of Absence due to extenuating circumstances. Students requesting an additional Leave of Absence or an extension to a current Leave of Absence must submit a signed Leave of Absence form to their Academic Counselor. The form must explain the extenuating circumstances that require an additional Leave of Absence or an extension of a Current Leave of Absence. The form must be submitted by the student with supporting documentation related to the extenuating circumstances. These extenuating circumstances include military deployment, extended serious medical emergencies, extended serious family emergencies, jury duty, or natural disasters.

The Senior Director of Academic Counseling is responsible for reviewing and approving the request. Request for an additional Leave of Absence or an extension of a current Leave of Absence must be received 15 calendar days prior to the end of the current Leave of Absence. Leave of Absences (including extensions) may not exceed 180 calendar days in a 12-month period.

#### **Returning from an Approved Leave of Absence**

Students returning from an approved Leave of Absence that was granted during the time they were enrolled in a course will be allowed to complete coursework started prior to the leave with no additional charges assessed. The University allows students who start a Leave of Absence during a course to withdraw (with a grade of WX) with a Tuition Waiver for a Future Course. Although students will not be charged for the subsequent course, students must re-take the entire course.

If a student does not return from an approved Leave of Absence, the official withdrawal date and beginning of the loan grace period (if applicable) is the last date of class attendance.

Leave of Absences may not exceed 180 calendar days in a 12-month period. The 12-month period begins the first day of the first Leave of Absence. Students who fail to return on the 180<sup>th</sup> calendar day will be administratively withdrawn from school.

## Revision to the Credit for Transfer Work

### Renamed as Transcribed and Non-transcribed Credit Policy

#### Credit for Transcribed and Non-transcribed Work

##### Acceptance of Transcribed (Transfer) Credit

Credit for undergraduate transfer work will be considered if the potential course meets all of the following conditions:

- The course was taken at an acceptable accredited collegiate institution.
- The course carries a grade of C or better.
  - A grade of C- from colleges that award plus and minus grades is not transferable.
- The course is directly equivalent to a course required by the South University program in which the student is enrolled.

The award of transfer credit may also be considered in the following cases:

- In an area requirement that a South University program does not specify a particular course, a student may submit for transfer of credit consideration a course not offered by South University but directly related in its content to the area requirement.
  - For example, if a South University program allows a student to select coursework from an approved list of Arts and Humanities courses to fulfill the Arts and Humanities requirement within General Education, a student may submit for transfer of credit consideration an Arts and Humanities course not offered by South University.
  - In all cases, the course submitted must also be taken at an acceptable accredited collegiate institution and carry a grade of C or better in order to consider for transfer of credit.
- For a specific course requirement in a South University program, a student may submit for transfer of credit consideration a course directly related to the course requirement but at a higher content and course level than the specific course requirement.

All coursework will be evaluated for its current relevance and may not transfer if the material in the coursework is deemed to be significantly noncurrent in the subject area. Individual Colleges/Schools and/or programs within South University may place limits on the age of courses eligible for transfer of credit.

In the case of courses evaluated for General Education transfer credit, the submitted courses must meet the criteria established by the Commission on Colleges of the Southern Association of Colleges and Schools for General Education credit (as stated in the current *Principles of Accreditation* dated 2.10.10). The course must also be specifically classified as General Education (i.e., a survey or introductory course) at the transferring institution to be considered for General Education transfer of credit.

Transfer credit will not be given by South University for developmental courses such as basic Mathematics or basic English. Transfer of credit will not be given for English as a Second Language (ESL) coursework. If both a separate laboratory course and the related lecture/didactic course are evaluated for transfer of credit, credit will only be considered for the separate laboratory course if the related lecture/didactic course also received a grade of C or better. Students should consult with the Registrar about questions related to acceptance of transfer credit. Credits earned at an accredited technical college may not transfer unless the credit earned is equivalent to courses offered in degree programs including the associate's degree.

Acceptance of credits earned at other institutions, through examination, and/or other means described in this catalog is limited to 60% of the total hours required for an undergraduate degree. No more than half the major area course requirements (i.e., those requirements beyond General Education) can be earned through transfer credit, through examination, and/or other means described in this catalog.

## **Page 83 cont'd**

### **Revision to the Credit for Transfer Work**

#### **Renamed as Transcribed and Non-transcribed Credit Policy**

#### **Acceptance of Graduate Transfer Credit**

Transfer credit may be allowed in some graduate or post baccalaureate degree programs at the discretion of the College/School Dean or Department Chair. However, the majority of credits toward any graduate or post baccalaureate degree program must be earned at South University.

The University reserves the right to reject any or all undergraduate or graduate credits from other institutions, regardless of their accreditation status, when it determines through investigation or otherwise that the quality of instruction at such institutions is for any reason deficient or unsatisfactory. The judgment of the University on this question shall be final. The University reserves the right to disallow transfer credit for courses if the student's subsequent grades in required courses in the same subject fall below average.

#### **Credits Earned at a South University Campus**

Credits earned at any South University campus will be accepted at all campuses. These credits will not be considered transfer credit; they will be included as credits earned at South University. If a campus should close a program in any state, students in good standing will be accepted at any South University campus having the same or a similar authorized degree program. The credits earned in the students' original degree program will be applied to the degree program at the new location.

#### **Acceptance of Non-transcribed Credit**

South University offers students an opportunity to obtain course credit in areas of competency through several non-transcribed means, including AP Examinations, university-administered proficiency examinations, education training, and military experience and training. South University does not award credit for life experience.

Acceptance of credits earned at other institutions, through examination, and/or other means described in this catalog is limited to 60% of the total hours required for an undergraduate degree. No more than half the major area course requirements (i.e., those requirements beyond General Education) can be earned through transfer credit, through examination, and/or other means described in this catalog.

#### **College Board Advanced Placement (AP) Examinations**

South University supports the College Board's Advanced Placement Program, which allows high school students the opportunity to pursue college level courses in their own schools and to be taught the material by their own teachers. After completion of the AP courses, students take the appropriate AP test to determine their level of achievement. For college credit to be awarded, a student must have official score reports from the College Board sent directly to the Office of Registrar at South University.

Since there is major overlap in course content between the two English AP exams, the awarding of AP credit in English will be treated separately from that of other disciplines as follows:

1. If a student receives a score of "3" or "4" on either English AP exam, credit will be awarded for ENG1001 Composition I (four credit hours);
2. If a student receives a score of "3" or "4" on both English AP exams, or a "3" on one and a "4" on the other, credit will be awarded for ENG1001 Composition I and ENG1002 Composition II/Literature (eight credit hours);
3. If a student receives a score of "5" on either or on both English AP exams, credit will be awarded for ENG1001 Composition I and ENG1002 Composition II/Literature (eight credit hours).

For additional information concerning the awarding of AP credit, contact the Registrar at the appropriate campus.

## **Page 83 cont'd**

### **Revision to the Credit for Transfer Work**

### **Renamed as Transcribed and Non-transcribed Credit Policy**

#### **Credit by Examination**

CLEP and DANTES certification exams can be submitted for evaluation for course credit. The guidelines for awarding credit are available from the Registrar at the appropriate campus. In general, no score less than 50 on the CLEP test will be considered for course credit.

If CLEP or DANTES examinations do not exist for the course, the Vice Chancellor for Academic Affairs, in consultation with the Dean of the College/School overseeing the course, is the final authority on whether or not a course may be exempted through the examination process. The Department Chair creates the examination to be used from previously administered final examinations in the course. To be eligible to earn credit the student must:

1. Submit a written request to his/her campus Dean of Academic Affairs and Operations or Director of Online Instruction.
2. Verify that s/he has not previously taken the course at South University.
3. Verify that s/he is not currently enrolled in the course at South University.
4. Pay the applicable examination fee (this does not apply to examinations to exempt the keyboarding or word processing course).

Students can attempt to earn credit by examination for a course only once and must receive a passing score that is greater than or equal to the average passing score for the last five administrations of the final examination for the course. Students scoring below the average passing score must take the course in question as required in the curriculum. Credits earned by examination are considered in the same way as transfer credits and are not used in the computation of the student's cumulative grade point average.

#### **Credit by Education Training**

College credit may also be awarded for education training completed through business and industry, the armed services, or government organizations. South University is guided by the principles and recommendations of the American Council on Education (ACE) guidebooks when assessing requests for credit earned in this manner. Students must have their ACE transcripts sent directly from the Center for Adult Learning and Educational Credentials to the appropriate campus Registrar at South University.

#### **University Credit for Military Experience and Training**

Students who wish to have their military experience and training evaluated for university credit should submit copies of appropriate forms to the appropriate campus Registrar. Veterans should submit DD Form 214, and active duty military personnel should submit DD Form 295. Active duty Army personnel and soldiers discharged since October 1, 1986, should also provide the appropriate campus Registrar with copies of their Army/American Council on Education Registry Transcripts.

The University may also accept as transfer credit completion of formal military courses as recommended by the American Council on Education (ACE) when verified through official transcripts (Army/ACE registry Transcript System, Community College of the Air Force, Sailor/Marine/ACE Registry Transcript, Registry of Credit Recommendations, or National Registry for Training Programs). Additionally, credit may also be awarded through review of a student's certified Department of Defense (DD) Form 214 (Armed forces of the United States Report of Transfer or Discharge) in conjunction with the ACE Handbook, Evaluation of Educational Experiences in the Armed Forces.

Credit will be applied to a degree program upon the approval of the Department Chair from which the degree is to be awarded.

**Page 83 cont'd**  
**Revision to Credit for Transfer Work**

**Timing of Transcribed and Non-transcribed Credit Consideration and Acceptance**

South University will accept transcripts for transcribed (transfer) and documentation of non-transcribed credit evaluation at most points during a student's program of study, provided that limits placed on the total number of credits for the program and components of the program will not be exceeded. During a student's first quarter enrolled at South University, all official transcripts must be received and evaluated for those courses related to establishing basis of admission. No courses will be evaluated for transcribed (transfer) or non-transcribed credit during a student's final quarter or within two courses (for students in online programs) prior to graduation.

Students are encouraged to submit all transcripts for transfer of credit evaluation or documentation for non-transcribed credit as soon as possible upon admission to their program of study to enable accurate scheduling of coursework. Students are also strongly encouraged to discuss with their advisors or registrars the potential transferability of outside coursework being considered.

**Transferability of Credits to Other Universities**

South University is accredited by an accrediting agency recognized by the United States Department of Education. However the fact that a school is licensed and accredited is not necessarily an indication that credits earned at that school will be accepted by another school. In the U.S. higher education system, transferability of credit is determined by the receiving institution taking into account such factors as course content, grades, accreditation and licensing. For this reason South University does not imply, promise, or guarantee that credits earned at South University will be accepted by another college or university. Students planning to transfer to other colleges or universities are responsible for consulting with the registrar at those institutions as early as possible concerning the acceptance of credits earned at South University.

**Definition of a Credit Hour**

South University operations on a quarter system, with each quarter having approximately 10 to 12 weeks. Course credit is awarded on the basis of the number of hours spent in lecture and/or lab situations. One quarter credit hour is equivalent to at least 10 hours of lecture, 20 hours of lab work, 30 hours of externship or clinical practicum, or a combination of these 3 equivalencies.

**Credit Hour Conversions**

Semester credit hours are converted to quarter credit hours by multiplying the number of semester credits by 3 and then dividing the result by 2. For example, a 3 semester credit hour course equals a 4.5 quarter credit hour course (3 semester hours multiplied by 3, with the result divided by 2) while a 2 semester credit hour course equals a 3 quarter credit hour course (2 semester hours multiplied by 3, with the result divided by 2). Credits will be rounded up or down as appropriate (i.e., 2.0 to 2.49 will be rounded down to 2 credit hours, 2.50 to 2.99 will be rounded up to 3 credit hours).

## **Page 84**

### **Revision to Grade Level Classification**

#### **Grade Level Classification**

**Replace current version with the information listed below**

#### **Grade Level Classification**

##### **Grade Level Classification**

Undergraduate students are classified according to the number of credit hours earned toward completion of the program. Students with fewer than 36 credits are considered freshmen; with as many as 36 but fewer than 72, a sophomore; with as many as 73 but fewer than 108, a junior; and with 109 or more, a senior, as illustrated in the following table:

Freshman: 0-36 credits

Sophomore: 37-72 credits

Junior: 73-108 credits

Senior: 109+ credits

##### **Undergraduate Academic Year (Online Programs)**

- Week: 7 consecutive calendar days.
- Course: 5 weeks and 3 days of instructional time (some courses may be 11 weeks of instructional time).
- Academic Year: Minimum of 30 weeks of instructional time; 36 earned credits.
- Full-Time Enrollment: All non-term students in online programs who remain continuously enrolled, including breaks of 29 consecutive calendar days or less, are classified as full-time.
- Instructional Week: Defined as Monday 12:00 a.m. Mountain Time (MT) to 11:59 p.m. MT the following Sunday.

##### **Graduate Academic Year (Online Programs)**

- Week: 7 consecutive calendar days.
- Course: 5 weeks and 3 days of instructional time (some courses may be 11 weeks of instructional time).
- Academic Year: Minimum of 30 weeks of instructional time; 32 earned credits.
- Full-Time Enrollment: All non-term students in online programs who remain continuously enrolled, including breaks of 29 consecutive calendar days or less, are classified as full-time.
- Instructional weeks are defined as Monday 12:00 a.m. Mountain Time (MT) to 11:59 p.m. MT the following Sunday.

##### **University Holidays**

A South University course may begin, end, or include an official campus holiday. If such a holiday occurs, the class meeting would not occur on that date and course assignments due on that date would shift as follows:

- The holiday occurs on the first day of the course term: Assignments shift to the following day.
- The holiday occurs during the course term: Assignments shift to the following day.
- The holiday occurs on the last day of the course term: Assignments shift to the previous day.

Students in online programs follow the official Savannah campus holiday schedule. Individual on-campus programs may have specific policies as to effect of holidays on class meetings, course assignments, and program requirements.

**Page 84 cont'd**  
**Revision to Grade level classification**

**Official Withdrawals from the Institution (On-campus Programs)**

To withdraw officially from the institution, students must contact the office of the registrar to provide notification of their intention to withdraw. New students who withdraw from the institution prior to the end of the first week of class will have no attempted courses shown on their record. Students officially withdrawing prior to the end of the ninth week of the quarter will receive a grade of W. Students officially withdrawing after the ninth week of the quarter will receive a grade of WF.

**Official Withdrawals from the Institution (Online Programs)**

Students enrolled in online programs who wish to officially withdraw from school must contact their Academic Counselor. If a student officially withdraws before the 31<sup>st</sup> day of 5 ½ week class, the student will receive a W grade (if after the 31<sup>st</sup> day of the class, a WF grade is assigned). Students who officially withdraw before the 58<sup>th</sup> day of an 11 week class will receive a W grade (if after the 58<sup>th</sup> day, a WF grade is assigned).

New students who officially withdraw from the institution prior to the end of the first week of class will have no attempted courses shown on their record, their enrollment will be cancelled, and all tuition and related fees removed.

A student, who is out-of-attendance more than 29 consecutive calendar days, will be administratively withdrawn from the University.

Veterans in either on-ground or online programs should be aware that the Veterans Administration will not pay for a course that a student drops after the first week of class unless extreme circumstances justify course withdrawal. Veterans should consult their Financial Counselor before withdrawing from any class after the first week of the session. Students who are veterans should also contact the Veterans Administration before withdrawing from school.

**Administrative Withdrawals (Online Programs)**

A student who is out-of-attendance more than 29 consecutive calendar days will be administratively withdrawn from the University.

**Adding and Dropping a Course**

**Drop/Add (On-campus Programs)**

Students may adjust their schedules without penalty by dropping and/or adding courses during the first week of classes. Specific dates are reflected on the academic calendar or can be obtained through the Registrar's office. Students are encouraged to consult the professor and/or department chair before dropping any course. All schedule revisions must be made through the registrar's office, where an official Drop/Add Form must be completed. Students should consult with financial aid to ascertain implications of schedule changes. Courses cannot be added after the late registration period indicated on the University calendar.

Courses that are dropped after the Drop/Add period but prior to the end of the ninth week of the quarter, or equivalent percentage, will result in a grade of W. Courses that are dropped after the Drop/Add period but prior to the end of the ninth week of the quarter, Week 4.5 or 31<sup>st</sup> day of 5.5 week terms (Mid-quarter terms on ground), or equivalent percentage will also result in a grade of W. Courses dropped after this point will result in the grade of a WF.

**Add/Drop (Online Programs)**

To add or drop from a course, students must contact their Academic Counselor. Students who officially drop from a course during the add/drop period will have that course removed from their academic transcripts.

## **Page 84 cont'd**

Add/Drop period:

- 5 ½ week course: Days 1, 2, and 3 of the course.
- 11 week course: Days 1, 2, and 3 of the course.

Students wishing to add a course to their schedule should contact their Academic Counselor. Students may not be added to a current course after the defined add/drop period. However, students may add a course that begins in a future session.

Students who officially drop or are administratively dropped from a course after the add/drop period and before the 31<sup>st</sup> day of a 5 ½ week course will receive a W grade. Students who officially drop after the 31<sup>st</sup> day of a 5 ½ week course will receive a WF grade. Students who officially drop or are administratively dropped from an 11 week course after the add/drop period and before the 58<sup>th</sup> day of an 11 week class will receive a W grade. Students who official drop after the 58<sup>th</sup> day of an 11 week class will receive a WF grade.

Students should consult with their Financial Counselor to determine the implications of adding or dropping a course.

### **Change of Major**

Students will be allowed one change of major. Changing from a day program to an evening program of the same major is not considered a change of major. Changing from an associate's program to a bachelor's program in the same major is not considered a change of major. A student may change his or her program at any point of his or her enrollment. Note that a course required in a student's initial program may not be required in the student's subsequent program. Courses that apply to the second major will be recorded as earned credit and will affect the student's CGPA (Cumulative Grade Point Average). For ICR (Incremental Completion Rate) purposes, earned credit applied to the new program will reduce the total number of credits that must be attempted within the program. Therefore, the maximum allowable credits are one and one-half times the number of credits remaining to complete for graduation. Students who change programs and students who change session times within the same program must sign a new program enrollment form, which must be filed in the student's academic file.

Students in online programs must contact their Academic Counselor to change their major.

A course required in a student's initial program that is not required in the student's subsequent program may have a negative impact on a student's financial aid. Therefore, students should consult with their Financial Counselor before changing their major.

### **Associate's and Bachelor's Degrees Graduation Requirements**

To receive an associate's or bachelor's degree or certificate, a student must satisfy these four requirements:

1. The student normally must complete the course requirements described in the catalog in effect when the student enrolled. However, academic programs are subject to change at the discretion of the institution. Students who leave the University longer than one calendar year will be required to meet catalog requirements in effect at the time of their return. Students may request department chair/coordinator approval for a course substitution or waiver. The registrar or dean of academic affairs must approve deviation from any program requirements.
2. The student must receive a C or better in all courses in the student's major.
3. The student must have a cumulative grade point average of 2.0 or higher for all course work taken at the University. Students in the bachelor's PA program must have a cumulative grade point average of

## **Page 84 cont'd**

2.50. To graduate with the baccalaureate nursing degree, the student must have a cumulative grade point average of 2.0 or higher for all nursing prerequisite course work taken at the University, a cumulative grade point average of 2.5 or higher for all didactic course work in the nursing program, and a passing grade in all lab or practice courses.

4. The student must abide by all University rules and regulations and settle any financial obligations to the University prior to graduation. Students in the baccalaureate degree nursing program must be able to meet the physical and mental demands per the statutory requirements of the State of Florida.

5. Students in online programs will have their graduation date and degree conferred date as the last day of the course in which all program requirements were completed.

### **Grade Reporting and Challenges**

Grade reports are made available to students at the end of each class. Students in online programs may request a grade report four days after the completion of each course from the Student Support center at [studentsupport@southuniversity.edu](mailto:studentsupport@southuniversity.edu).

Any student wishing to challenge a final course grade must first discuss the grade with the faculty member of the course in question within 14 consecutive calendar days of the end of final week for on ground courses and within 14 consecutive calendar days of the end of the online session in writing. Challenges after that time will not be permitted, and the grade recorded on the official grade sheets will prevail.

If the appeal is not resolved to the student's satisfaction by the faculty member it must be appealed to the Department Chair/Program Director (whomever is located on the student's campus) and then the Dean of Academic Affairs and Operations on that campus. If still not resolved to the student's satisfaction the student must appeal to the Dean of the College offering the course.

Students in online programs who have an appeal not resolved to the student's satisfaction by the faculty member should contact their Academic Counselor to complete an appeal form that will be forwarded to the Director of Online Instruction. If still not resolved to the student's satisfaction the student must appeal to the Dean of the College/School offering the course, through the Director of Online Instruction.

### **Incomplete Policy**

Incompletes are given at the discretion of the faculty member to any student who does not complete the course requirements. To receive an incomplete, the student must complete at least one-half of the course requirements; then, it is the student's responsibility to complete the remainder of the required course work.

Incomplete grades must be cleared within 14 consecutive calendar days of the end of session (unless special approval is received from the Vice Chancellor for Academic Affairs, Campus Dean of Academic Affairs and Operations, or College/School Dean) or the incomplete will be changed to the grade earned. The final grade for the course will be designated on the transcript by the appropriate letter grade.

**Revision to Course Load Information  
Renamed as Student Course Load Policy**

**Course Load**

To complete program requirements in a timely manner, most on-campus students choose to attend classes full-time and enroll in 4 quarters per year. Course load designations for on-campus students are as follows:

**Undergraduate**

Half-Time: 6-8 credit hours.

Three-Quarter Time: 9-11 credit hours.

Full-Time: 12 or more credit hours.

**Graduate**

Half-Time: 4 credit hours.

Three-Quarter Time: 6 credit hours.

Full-Time: 8 or more credit hours.

Students in online programs participate in a minimum of 30 weeks of instructional time, with a full-time status of 36 (undergraduate) or 32 (graduate) earned credits. All non-term students in online programs who remain continuously enrolled, including breaks of 29 consecutive calendar days or less, are classified as full-time.

**Course Overloads**

Students may wish to enroll in greater than the full-time number of courses in a particular quarter or academic year. Overloads will only be approved for students who exhibit outstanding academic performance.

On-campus students wishing to enroll in more than 16 credit hours (undergraduate) or more than 8 credit hours (graduate) must have the permission of their Program Director or the campus Dean of Academic Affairs and Operations to receive a course overload.

Students in online programs may wish to enroll in more than one course at a time. Online students may not take more than two courses at any one time. In all cases, online students cannot complete 36 credits in less than 30 weeks of instructional time. Online students must have the permission of their Academic Counselor or Program Director to receive a course overload.

Individual programs may designate the specific courses to be taken each quarter (thus specifying the total number of hours to be taken) or the specific course sequence to be scheduled. In such cases a student need not obtain permission for his/her enrollment unless s/he wishes to enroll in more than the designated number of quarter hours, enroll in a non-specified sequence of courses, or must deviate due to other circumstances.

## Pages 85-86

### **Revision to the Undergraduate Satisfactory Academic Progress Policy and Procedures Delete current policy and replace with information listed below**

#### **Summary**

A student must demonstrate academic progress by successfully completing courses attempted. Completing courses with “C” or better grades indicates academic progress. Receiving “D” or lower grades and/or withdrawing from classes may put students at risk. Poor academic performance may lead to academic probation and/or dismissal. It is very important that students attend all registered courses and complete them successfully. Should a compelling reason arise that requires a student to cease attendance, it is the student’s responsibility to immediately contact the school or campus.

The following criteria are used to determine whether or not a student is making academic progress, a student must be able to:

- Maintain a minimum acceptable cumulative grade point average (CGPA);
- Achieve the minimum incremental completion rate (ICR); and
- Complete the program within a maximum allowable time frame.

Administrative actions will be taken when a student fails to meet the minimum standards of any of the above criteria. If the resulting action results in dismissal, a student may appeal the dismissal. If the appeal is denied, the student will be dismissed from the university.

Regardless of a student’s status in relation to satisfactory academic progress, the student must meet the graduation requirements for his/her specific program in order to graduate from the university.

The Satisfactory Academic Progress Policy contains the following sections:

- I. Criteria for Honor Designations
- II. Minimum Standards for Academic Progress and Consequences for Failing to Meet Minimum Standards
- III. Procedures for Appealing Academic Dismissal
- IV. Procedures for Reentry/Readmission after Academic Dismissal
- V. Explanations of Related Issues

The university has the right to modify the satisfactory academic progress policy at any time.

#### **I. Criteria for Honor Designations**

To promote academic excellence and to recognize exemplary academic achievement, the following system is recommended for honor designations on a term basis and upon graduation.

##### a). Term Honor Designation

Any student who enrolls for and completes 8 credits or more is eligible for the following designations: Honors, Dean’s List, and President’s List.

##### b). Honor Designation at Graduation

Any student who achieves a Cumulative Grade Point Average of 3.50 or better will be designated as an Honor Graduate. The Cumulative Grade Point Average is calculated on the basis of all grades received at South University. Original grades and repeated grades will be included in the calculation of the cumulative GPA.

**Pages 85-86 cont'd**

## **Revision to the Undergraduate Satisfactory Academic Progress Policy and Procedures**

### **II. Minimum Standards for Academic Progress and Consequences for Failing to Meet Minimum Standards**

To maintain academic progress, each student must meet the required minimum standards of the following three criteria:

- Maintain a minimum acceptable cumulative grade point average (CGPA);
- Achieve the minimum incremental completion rate (ICR); and
- Complete the program within a maximum allowable time frame.

The following evaluation points and minimum standards are used to assess each student's academic performance:

- a. After attempting 12 to 20 credit hours, a student must achieve a CGPA of 1.2 and an ICR of 33.33%. If a student who is not on probation fails to achieve these milestones, s/he will be placed on probation. If a student who is already on probation fails to achieve these milestones, s/he will be dismissed from the University. A student is only evaluated once in this 12 to 20 credit hour category, with the next evaluation taking place in the following evaluation point.
- b. After attempting 32 to 40 credit hours, a student must achieve a CGPA of 1.4 and an ICR of 33.33%. If a student who is not on probation fails to achieve these milestones, s/he will be placed on probation. If a student who is already on probation fails to achieve these milestones, s/he will be dismissed from the University. A student is only evaluated once in this 32 to 40 credit hour category, with the next evaluation taking place in the following evaluation point.
- c. After attempting 52 to 60 credit hours, a student must achieve a CGPA of 1.6 and an ICR of 33.33%. If a student who is not on probation fails to achieve these milestones, s/he will be placed on probation. If a student who is already on probation fails to achieve these milestones, s/he will be dismissed from the University. A student is only evaluated once in this 52 to 60 credit hour category, with the next evaluation taking place in the following evaluation point.
- d. After attempting 72 to 80 credit hours, a student must achieve a CGPA of 1.8 and an ICR of 66.67%. If a student who is not on probation fails to achieve these milestones, s/he will be placed on probation. If a student who is already on probation fails to achieve these milestones, s/he will be dismissed from the University. A student is only evaluated once in this 72 to 80 credit hour category, with the next evaluation taking place in the following evaluation point.

NOTE: If a student is on probation for failing to meet the ICR requirement, it will be very difficult for him/her to meet the ICR milestone of 66.67%. In some cases the student may have to successfully complete all the hours attempted. A student should consult with his/her academic advisor on the exact requirements.

- e. After attempting 92 to 100 credit hours, a student must achieve a CGPA of 2.0 and an ICR of 66.67%. If a student who is not on probation fails to achieve these milestones, s/he will be placed on probation. If a student who is already on probation fails to achieve these milestones, s/he will be dismissed from the University. A student is only evaluated once in this 92 to 100 credit hour category, with the next evaluation taking place in the following evaluation point.
- f. After attempting 112 to 120 credit hours, a student must achieve a CGPA of 2.0 and an ICR of 66.67%. If a student who is not on probation fails to achieve these milestones, s/he will be placed on probation. If a student who is already on probation fails to achieve these milestones, s/he will be dismissed from the University. A student is only evaluated once in this 112 to 120 credit hour category, with the next evaluation taking place in the following evaluation point.

**Page 80-82 cont'd**

## **Revision to the Undergraduate Satisfactory Academic Progress Policy and Procedures**

- g. After attempting 120 or more credit hours, a student must achieve a CGPA of 2.0 and an ICR of 66.67%. If a student who is not on probation fails to achieve these milestones, s/he will be placed on probation and will be reevaluated after completing each additional 8 quarter hours. If a student who is already on probation fails to achieve these milestones, s/he will be dismissed from the University.

A student enrolled in all undergraduate coursework, including developmental courses (i.e., ENG0099 and MAT0099), must be able to pass the course after three attempts or the student will be academically dismissed.

Please note that a student may be terminated for academic reasons without previous academic action.

### **III. Procedures for Appealing Academic Dismissal**

Any student wishing to appeal an academic dismissal may do so in writing to the campus Dean of Academic Affairs and Operations. Fully online students must send appeals to their Academic Counselor. Appeals will be forwarded to the Appeals Committee. The written appeal must state the mitigating circumstances that contributed to the dismissal. The written appeal must be supported with appropriate documentation of the mitigating circumstances with explanation on how the circumstances have been remedied or changed. Mitigating circumstances are events that are outside the student's control and are unavoidable. Following is an example list of events that indicate there may be a mitigating circumstance which has negatively impacted academic progress:

- Death of an immediate family member.
- Student illness requiring hospitalization (this includes mental health issues).
- Illness of an immediate family member where the student is a primary caretaker.
- Illness of an immediate family member where the family member is the primary financial support.
- Abusive relationships.
- Divorce proceedings.
- Previously undocumented disability.
- Work-related transfer during the term.
- Change in work schedule during the term.
- Natural disaster.
- Financial hardship such as foreclosure or eviction.
- Loss of transportation where there are no alternative means of transportation.
- Documentation from the Academic Counselor, Advisor, and/or a Professional Counselor.

The campus Dean of Academic Affairs and Operations or the Appeals Committee will review the student's appeal and will determine whether the circumstances and academic status warrant consideration for reinstatement. The student may be asked to appear in person during the review process when deemed necessary by the campus Dean of Academic Affairs and Operations or the Appeals Committee. The appeal process ends with the Campus President on each campus.

A student who is granted an appeal may be reinstated and, if otherwise eligible, receive financial aid. The student will be placed on probation at the start of the academic term and may be required to meet certain additional academic conditions as specified by the campus Dean of Academic Affairs and Operations or the Appeals Committee in order to grant the appeal. The above minimum standards for satisfactory academic progress will continue to be applied to assess the student's academic performance.

### **IV. Procedures for Reentry/Readmission After Academic Dismissal**

A student denied an appeal must sit out one year before being eligible for reentry to the university. A student terminated for violating satisfactory academic progress must appeal in writing to the campus

## **Pages 85-86 cont'd**

### **Revision to the Undergraduate Satisfactory Academic Progress Policy and Procedures**

Dean of Academic Affairs and Operations for reentry (if within one year) or readmission (if one year or longer) before the start of the term in which he/she wishes to return. Also, any student who ceased attendance and whose grades in the last term of attendance caused him or her to not meet the standards for satisfactory academic progress must go through the same appeal process. The appeal procedure described in the preceding section applies. The student must demonstrate resolution to any mitigating circumstances.

A reentry/readmission student who is granted an appeal may be reinstated and, if otherwise eligible, receive financial aid. The student will be placed on probation at the start of the academic term and may be required to meet certain additional academic conditions as specified by the campus Dean of Academic Affairs and Operations or the Appeals Committee in order to grant the appeal. The above minimum standards for satisfactory academic progress will continue to be applied to assess the student's academic performance.

A student is allowed one and only one reentry/readmission appeal after being academically terminated.

#### **V. Explanations of Related Issues**

##### **a). Calculation of Cumulative Grade Point Average (CGPA)**

A student's cumulative grade point average (CGPA) is calculated by:

- Multiplying credits for each course by grade points associated with the grade earned;
- Totaling the grade points earned for all the courses; and
- Dividing total grade points earned by the total number of quality credits.

##### **b). Calculation of Incremental Completion Rate (ICR)**

A student's incremental completion rate (ICR) is calculated by:

- Totaling the number of credit hours attempted;
- Totaling the number of credit hours successfully completed; and
- Dividing the total number of credit hours successfully completed by the total number of credit hours attempted.

##### **c) Course Attempts**

A course attempt includes any time a student receives a grade for a course. This includes the letter grades of "A" through "F," a passing grade of "P," an incomplete grade of "I," and a withdrawal with no grade penalty of "W." Courses for which a student enrolls but then drops during the add/drop period at the beginning of a session is not counted as a course attempt.

##### **d) Maximum Allowable Timeframe**

A student may not attempt more than 150% of the credits in his/her program (or remaining credits in his/her program in cases where the student brings in transfer credits); anything in excess of 150% of the credits will result in the student's dismissal from the University.

##### **e). Developmental Courses**

South University requires academic placement tests. Depending on test scores, students may be required to take developmental courses (i.e., ENG0099 and MAT0099). If so required, a student must successfully complete such courses in order to progress in the program. Developmental course credits do not count

## **Pages 85-86 cont'd**

### **Revision to the Undergraduate Satisfactory Academic Progress Policy and Procedures**

towards the total number of credits for graduation nor do they count in the CGPA; however, they do count in determining the maximum time frame and the ICR.

#### **f). Repeated Courses and Grades**

Grades achieved in repeated classes will replace withdrawn or failing grades. Withdrawn and failing grades are included in the maximum allowable time frame and ICR. The grade 'I' indicates Incomplete and is calculated as if it is a 'F' for CGPA and ICR purposes until it is changed to another grade. A student may also retake a class in which he/she received a passing grade in order to improve his/her CGPA. A student enrolled in all undergraduate coursework must be able to pass the course after three attempts or the student will be academically dismissed.

#### **g). Remediation of Academic Deficiencies**

It is strongly recommended that any student with withdrawn or failing grades register for the same course(s) in the subsequent term to improve his/her academic performance.

#### **h). Transfer Credits**

Credits from transfer courses are not calculated in the maximum allowable credits or ICR requirements; however, transfer credits do reduce the total number of credits that must be attempted within the program. Therefore, the maximum attempted credits for a student with transfer credits are one and one-half times the number of credits remaining to complete the program.

Grades for credits transferred from any postsecondary institution will be recorded as "TR" and will not affect the student's CGPA. Grades from courses taken in a program within the same school group, if applicable to a transfer program, will be recorded as earned credit and will affect the student's CGPA. In cases in which a student has graduated from one program then subsequently begins work in a different program, grades earned in the first program will be recorded as transfer credit ("TR") and will not be applied to the student's new program CGPA calculation.

### **Change of Program**

Students will be allowed one change of program. Changing from a day program to an evening program of the same major is not considered a change of major. Changing from an associate's program to a bachelor's program in the same major is not considered a change of major. Changing from one specialization or concentration within a program to another specialization or concentration within the same program is not considered a change of major. A student may change his or her program at any point of his or her enrollment.

Courses that apply to the second major will be recorded as earned credit and will affect the student's CGPA. For ICR purposes earned credit applied to the new program will reduce the total number of credits that must be attempted within the program. Therefore, the maximum allowable credit is one and one-half times the number of credits remaining to complete for graduation. Students who change programs and students who change session times within the same program must sign a new program enrollment form (or the like), which must be filed in the student's academic file.

### **Transfers**

A student must be in good satisfactory academic standing on order to be allowed the opportunity of transferring from one program to another, from one school or campus to another, or from one campus to an online (or partially online) program.

**Pages 85-86 cont'd**

**Revision to the Undergraduate Satisfactory Academic Progress Policy and Procedures**

A student who has been terminated and wishes to transfer to another EDMC school must appeal his/her dismissal at the originating school and receive reinstatement prior to the transfer.

**Page 87**

**Graduate Student Satisfactory Academic Progress Policy and Procedures**

**Revision to Schedule for Removal from Academic Probation**

**Replace the current information with the revised version listed below**

**Schedule for Removal from Academic Probation**

After being placed on academic probation, students in on-campus programs will have a maximum of two terms to meet the requirements for satisfactory academic progress. Students in online programs must meet the requirements for satisfactory academic programs within the completion of their next two courses.

**Page 87**

**Add the following section:**

**Satisfactory Progress Standards for the College of Business and Graduate Programs**

**Criteria and Schedule for Removal from Academic Probation**

A student will be removed from academic probation when s/he meets the requirements for satisfactory academic progress. After being placed on academic probation, an on-campus student will have a maximum of two terms to meet the requirements for satisfactory academic progress. If at the end of two terms an on-campus student has not met the requirements for satisfactory academic progress, s/he will be dismissed from the program.

After being placed on academic probation, an online student must meet the requirements for satisfactory academic progress within the completion of their next two courses. If at the end of two courses an online student has not met the requirements for satisfactory academic progress, s/he will be dismissed from the program.

**Page 106**

**Addition of Description of Courses**

CRJ2065 Introduction to Police Organizations

*Prerequisites: CRJ1101 and CRJ1102*

This course covers current research and theory in policing and provides comprehensive presentation of police operations, patrol techniques, cultural diversity, and changes in police administration policy. *4 quarter hours*

CRJ2003 Juvenile Justice System

*Prerequisites: None*

This course takes a comprehensive look at the history, current state and future of the juvenile justice system in America. The course will focus on juvenile justice system programs, processes, and prevention programs and will connect theory to practice. *4 quarter hours*

**Addition of Description of Courses****Page 106**

EDM2010 Fundamental of Emergency and Disaster Management

*Prerequisites: None*

This course provides students with fundamental knowledge of emergency and disaster management. Students examine the historical context for emergency and disaster management, then explore topics such as risk assessment, preparedness, mitigation, recovery, and communications. Topics also include emergency disaster management in the international domain as well as approaches to terror threats. *4 quarter hours*

**Page 120****Description of Courses****Change in prerequisite information**

MAT2058 Statistics

Prerequisites: MAT1005, or MAT1001 and MAT1500
