*Acceptance into a South University Criminal Justice program or its completion does not imply or guarantee that a student will be able to obtain employment in law enforcement, corrections, probation/parole or related fields. The student should contact the national, state or local agency/institution in which the student intends to gain employment for specific requirements and the application process.*

*State approval policies require residents of the State of Arkansas to enroll in specific courses within this program rather than the courses specified in the program description above. Residents of the State of Arkansas should contact their admissions representatives for specific courses required within this program.*

*State of Minnesota education requirements consider HIS1101 and HIS1102 to be Social Science coursework; therefore, Minnesota residents are advised to complete an Arts and Humanities course other than HIS1101 or HIS1102 to fulfill their South University Arts and Humanities General Education requirement. If a student chooses to take an Anatomy and Physiology course, BIO1011 and BIO1013 satisfy the Natural Sciences requirement. Students enrolling in either course must, however, also take the related co-requisite lab courses: BIO1012 and BIO1014 respectively.*

*Maryland residents are not eligible to enroll into an internship, externship, practicum, or field experience course. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.*

### ADMISSION TO THE LEGAL STUDIES AND PARALEGAL STUDIES DEGREE PROGRAMS

Students seeking admission into these degree programs must meet all requirements for general admission into the University. Students seeking admission as transfer students must meet additional standards stated in this section of the catalog as well as those required of all transfer students seeking to enroll in South University. This applies to students moving from one South University campus to another or from the partially online program offered only through the Savannah campus.

Students seeking to move between South University campuses are considered transfer students. This includes transfer between a ground campus and the partially online program offered through the Savannah campus. Students wishing to transfer to the partially online program from another a South University campus are required to transfer enrollment to the Savannah campus and through that campus to the partially online program.

Those seeking admission as a transfer student into the Legal Studies or Paralegal Studies program must provide additional documentation to aid in evaluation for admission and acceptance of transfer credit. Legal specialty courses (e.g., those with “LGS” prefixes at South University) transferred into a South University campus will not count in the student’s GPA calculation. This includes legal specialty courses taken at another South University campus or online.

Students may transfer up to 75 percent of the total work required for a degree in these programs but no more than 50 percent of the work to be applied toward the legal specialty course requirements for the degree. All courses to be applied toward the legal specialty course requirements must be evaluated (using the procedure found in the subsequent paragraph) and found to be essentially comparable to the course for which the student would receive credit in the South University program.

For legal specialty transfer courses, including courses taken from other South University campuses, the student should present the catalog description of the course from the source campus, college, or university. A syllabus or comparable document describing the course requirements, learning outcomes of the course, textbook and related materials used in the course, samples of work completed in the course, and grading criteria may also be required at the discretion of the Registrar or the Program Director making the evaluation. These materials will be referred to the appropriate Program Director or qualified faculty member for a final decision after the Registrar has reviewed the courses to assure the work meets the general transfer admission standards.

All students enrolling in the partially online program offered through the Savannah campus must document that at least four (4) legal specialty courses comprising at least sixteen (16) quarter hours of credit were completed in a traditional classroom format. The program requires that LGS1005 Legal Research and Writing I be completed in a traditional classroom format. The student can complete any other three (3) legal specialty courses in a traditional classroom format with the approval of the Program Director in consultation with the Registrar.

Students already enrolled in the partially online program seeking to meet the requirement that at least sixteen (16) quarter hours of coursework must be completed in a traditional classroom format, including LGS1005 Legal Research and Writing I, will work with their online Academic Counselor and the online Program Chair or Program Director to identify an acceptable college or university where such work may be completed. Targeted courses will be identified and pre-approved by the online Program Chair or Program Director working with the Academic Counselor and Registrar using the criteria listed above as applicable.

All students enrolling in the partially online program offered through the Savannah campus must document that at least four legal specialty courses comprising at least 16 quarter hours of credit were completed in a traditional classroom format.

\*The program requires that LGS1005 Legal Research and Writing I be completed in a traditional classroom format. The student can complete any other three (3) legal specialty courses in a traditional classroom format with the approval of the Program Director in consultation with the Registrar. The courses completed on ground in a traditional classroom format must be comparable to the legal specialty courses offered at South University.

Students in Savannah’s partially online Legal Studies Program should contact their academic counselor for information on completing these requirements.

State approval policies require residents of the State of Arkansas to enroll in specific courses within this program rather than the courses specified in the program description above. Residents of the State of Arkansas should contact their admissions representatives for specific courses required within this program.

State of Minnesota education requirements consider HIS1101 and HIS1102 to be Social Science coursework; therefore, Minnesota residents are advised to complete an Arts and Humanities course other than HIS1101 or HIS1102 to fulfill their South University Arts and Humanities General Education requirement. If a student chooses to take an Anatomy and Physiology course, BIO1011 and BIO1013 satisfy the Natural Sciences requirement. Students enrolling in either course must, however, also take the related co-requisite lab courses: BIO1012 and BIO1014 respectively.

Maryland residents are not eligible to enroll into an internship, externship, practicum, or field experience course. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

All students enrolling in the partially online program offered through the Savannah campus must document that at least four paralegal specialty courses comprising at least 16 quarter hours of credit were completed in a traditional classroom format.

\*The program requires that LGS1005 Legal Research and Writing I be completed in a traditional classroom format. The student can complete any other three (3) legal specialty courses in a traditional classroom format with the approval of the Program Director in consultation with the Registrar. The courses completed on ground in a traditional classroom format must be comparable to the legal specialty courses offered at South University.

Students in Savannah's partially online Paralegal Studies Program should contact their academic counselor for information on completing these requirements.

Only the Associate of Science in Paralegal Studies programs at the following four South University campuses are approved by the American Bar Association (ABA): West Palm Beach, Montgomery, Columbia, and Savannah. Only the Savannah campus is approved by the ABA to offer the program in a partially online format.

This program is not open to residents of the state of Arkansas.

State of Minnesota education requirements consider HIS1101 and HIS1102 to be Social Science coursework; therefore, Minnesota residents are advised to complete an Arts and Humanities course other than HIS1101 or HIS1102 to fulfill their South University Arts and Humanities General Education requirement. Minnesota residents must also complete the following courses to satisfy Minnesota education requirements. One additional four-credit course in the Arts and Humanities area (other than HIS1101 or HIS1102), and; One additional four-credit courses selected from the Social and Behavioral Sciences area. These additional courses will increase a Minnesota resident's total credits required to graduate from the program from 92 to 100 credits.

Maryland residents are not eligible to enroll into an internship, externship, practicum, or field experience course. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

## COLLEGE OF BUSINESS

Page 59

*Updates to the Bachelor of Business Administration program description. Changes highlighted.*

### BACHELOR OF BUSINESS ADMINISTRATION

The Bachelor of Business Administration degree program focuses on preparing students with the knowledge and skills they will need to pursue entry-level positions in business. With courses such as Strategic Management, **Advanced** Operations Management and **Global Business Management** **Business Simulation** students can discover how to adapt business strategies to accommodate changing marketplace conditions. Courses that include **Managerial Communications** **Project Management**, **Dynamic Decision Making** **Organizational Behavior** and Leadership are designed to provide students with opportunities to understand and apply effective leadership skills. Through case studies and intensive projects, students will have the opportunity to gain the ability to assess organizational needs and implement effective improvement scenarios.

The BBA degree program culminates in a capstone project, a two-course sequence that focuses on the students' area of emphasis and allows the student to apply the concepts and skills he or she has learned in real and simulated business situations.

State approval policies require residents of the State of Arkansas to enroll in specific courses within this program rather than the courses specified in the program description above. Residents of the State of Arkansas should contact their admissions representatives for specific courses required within this program.

State of Minnesota education requirements consider HIS1101 and HIS1102 to be Social Science coursework; therefore, Minnesota residents are advised to complete an Arts and Humanities course other than HIS1101 or HIS1102 to fulfill their South University Arts and Humanities General Education requirement. If a student chooses to take an Anatomy and Physiology course, BIO1011 and BIO1013 satisfy the Natural Sciences requirement. Students enrolling in either course must, however, also take the related co-requisite lab courses: BIO1012 and BIO1014 respectively.

Maryland residents are not eligible to enroll into an internship, externship, practicum, or field experience course. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

*\*On January 1, 2014, South University will no longer accept applications for entrance into the Associate of Science in Information Technology program offered on ground.*

*State approval policies require residents of the State of Arkansas to enroll in specific courses within this program rather than the courses specified in the program description above. Residents of the State of Arkansas should contact their admissions representatives for specific courses required within this program.*

*State of Minnesota education requirements consider HIS1101 and HIS1102 to be Social Science coursework; therefore, Minnesota residents are advised to complete an Arts and Humanities course other than HIS1101 or HIS1102 to fulfill their South University Arts and Humanities General Education requirement. Minnesota residents must also complete the following courses to satisfy Minnesota education requirements. One additional four-credit course in the Arts and Humanities area (other than HIS1101 or HIS1102), and; One additional four-credit courses selected from the Social and Behavioral Sciences area. These additional courses will increase a Minnesota resident's total credits required to graduate from the program from 92 to 100 credits.*

*Maryland residents are not eligible to enroll into an internship, externship, practicum, or field experience course. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.*

*State approval policies require residents of the State of Arkansas to enroll in specific courses within this program rather than the courses specified in the program description above. Residents of the State of Arkansas should contact their admissions representatives for specific courses required within this program.*

*State of Minnesota education requirements consider HIS1101 and HIS1102 to be Social Science coursework; therefore, Minnesota residents are advised to complete an Arts and Humanities course other than HIS1101 or HIS1102 to fulfill their South University Arts and Humanities General Education requirement. One four-credit course within the Free Elective course requirement must be from the Arts and Humanities area (other than HIS1101 or HIS1102). In this (and only this) case, it will count for both Area I and Area II. If a BA Psychology student chooses to take an Anatomy and Physiology course, BIO1011 and BIO1013 satisfy the Natural Sciences requirement. Students enrolling in either course must, however, also take the related co-requisite lab courses: BIO1012 and BIO1014 respectively.*

*Ranking of applicants for the Occupational Therapy Assistant Program*

*Ranking applicants for admission into the Occupational Therapy Assistant program will be done during the second quarter of coursework in general education requirements based on coursework taken in the first quarter. Ranking will be done comprised of the following five elements, listed in descending order of importance:*

- *Self Assessment Inventory (SAI, available from the OTA program office)*
- *Cumulative GPA for prerequisites (i.e., Strategies for Success, if taken; Medical Terminology, General Psychology, Composition I, Anatomy and Physiology I lecture and lab, Composition III)*
- *English Composition I*
- *General Psychology*
- *Medical Terminology*

*Equal weight will be assigned to the cumulative GPA for prerequisite courses, English Composition I and General Psychology.*

**Developing Program Status**

*The Occupational Therapy Assistant programs in Tampa and West Palm Beach have applied for accreditation and have been granted Developing Program Status by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. ACOTE's telephone number c/o AOTA is (301) 652-AOTA. Once accreditation of each program has been obtained, its graduates will be eligible to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). In addition, most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.*

An application fee must accompany the application. This fee is not refundable except as provided under the section Financial Information of this catalog.

The following steps must be completed before a final decision for admission may be reached and the student is allowed to register:

1. Submit the application form with appropriate fee.
2. **Submit acceptable transcripts (including verifiable faxed transcripts) from all high schools and colleges attended within ten weeks of the class start date.**

***Pages 108-109 continued***

Submit acceptable verification of high school graduation or the equivalent within ten weeks of the class start date. Acceptable verification of high school graduation or the equivalent would include a copy of a high school diploma, high school transcript (official or unofficial), GED certificate, or GED scores. In states that maintain a database that serves as an official registry of high school and GED graduates, an excerpt from the official database documenting the student's graduation or GED completion may be used. Campuses in South Carolina must be provided with official high school transcripts or GED scores.

3. Complete all tests administered by the University or submit SAT, or ACT scores to the registrar's office.

All documents become the property of South University and will not be returned. After receipt of the application form, the University will schedule a date for the administration of tests and notify the applicant. Upon completion of the above steps, each applicant will receive written notification of the action taken by the admissions office.

Applications for admission to the Anesthesia Sciences, Physician Assistant Studies, Pharmacy and Nursing programs are directed to those specific programs. Procedures and additional admission requirements related specifically to these programs can be found in this section of the catalog, in the individual handbooks for these programs, and online at [www.southuniversity.edu](http://www.southuniversity.edu).

Additional admissions requirements related specifically to the Anesthesiologist Assistant, Nursing, Pharmacy and Physician Assistant programs can be found in other sections of this catalog and in the handbooks for these programs.

### **General Admission Requirements**

To be admitted to any of the programs at South University campuses, the prospective student must provide proof of high school graduation as recognized by the state of residence on the date the degree was earned, or the equivalent (e.g., GED) and must submit a minimum combined SAT score of 900, a combined ACT score of 19, or a satisfactory score on the university administered admissions examination (see the Admissions Office) or meet the criteria established for acceptance as a transfer student. South University accepts the International Baccalaureate Program diploma as meeting the requirement for high school graduation.

To be admitted to any South University online program, the prospective student must provide proof of high school graduation as recognized by the state of residence on the date the degree was earned, or the equivalent (e.g. GED) with a minimum CGPA of 2.0 on a 4.0 scale. The prospective student must also complete the university administered placement test during the first session of attendance. South University accepts the International Baccalaureate Program diploma as meeting the requirement for high school graduation.

Students with less than the minimum CGPA of 2.0 on a 4.0 scale may meet admissions requirements by submitting a minimum combined SAT score of 900, a combined ACT score of 19, or a satisfactory score on the university-administered admissions examination (see the Admissions Office) or meet the criteria established for acceptance as a transfer student.

A student's failure to provide acceptable verification of proof of high school graduation within 10 weeks of his or her start date will result in the following:

- Removal from class
- Cancellation of enrollment
- No final course grades
- No transcript

*Pages 108-109 continued*

NOTE: Students who do not provide proof of high school graduation within the 10-week period will not be responsible for any tuition and related fees.

South University may grant exceptions to the 10-week period for unusual situations or circumstances. All exceptions must be submitted to the office of the University Registrar for approval.

### ***Page 109***

***Update to the Personal Enrichment Enrollment policy. Changes highlighted.***

#### **Personal Enrichment Enrollment**

Enrollment in selected subjects for personal enrichment is available under certain circumstances. Students attempting to enroll under these circumstances are classified as special subject students and are not eligible for Title IV financial aid. This status allows a campus-based student to enroll in one class per quarter for no more than three quarters without following the standard admission procedures or meeting standard admission requirements. Individuals participating in a specifically contracted workshop, seminar, or course that is not part of the pursuit of a degree are not required to meet any admissions requirements. Status as a special subject student is not available to veterans receiving G.I. benefits. Students enrolled in classes through South University – Online Programs can take two classes per quarter-session for a maximum of three quarters sessions and at the end of that period must be fully admitted to continue to enroll in South University classes.

### ***Page 110***

***Update to the Re-entry/Readmission of Former Students policy. Changes highlighted.***

#### **Re-entry/Readmission of Former Students**

Students seeking readmission after an absence of one year or longer, students who previously attended South University but have not attended during the 12 months immediately preceding readmission, who have not been enrolled for one year or longer may be readmitted without retesting for admission, but must apply for readmission and pay a readmission fee of \$50. Students who withdrew for military deployment and wish to reenter will have the readmission fee of \$50 waived. If they were enrolled at other colleges during their absence, transcripts of coursework taken must be sent to South University. Applications for readmission should be submitted at least one month before the beginning of the quarter the student plans to return. A candidate for readmission must either demonstrate that they already meet the entrance test requirement for admission in effect at the time of readmission or retest to achieve that minimum entrance score. However, a student seeking readmission whose prior record indicates entrance scores below the current standard but who has attempted 36 or more credits, has a minimum cumulative GPA of 2.50, and has a completion rate of 65 percent of the hours attempted, will be readmitted on the basis of the previous enrollment and will not be required to submit new entrance test scores.

Students seeking re-entry after an absence of less than a year, may resume their previous program curriculum, or if a curriculum change has occurred since their original start date, they may opt to move to the new program curriculum. Students seeking readmission after an absence of one year or longer must enroll in the new program curriculum. Requests for exceptions to the program enrollment requirement may be submitted to the Dean of Academic Affairs and Operations for campus programs or Program Director for online programs.

The University reserves the right to deny re-entry or readmission to any applicant who has an unacceptable academic or conduct record. Students with outstanding financial obligations to the University must make arrangements with the business office before they will be allowed to matriculate.

***Update to the Procedure for Admission to the Master of Medical Science in Anesthesia Science Program, General Admissions Requirements. Changes highlighted.***

**General Admission Requirements**

Students wishing to enter the Anesthesiologist Assistant program in the College of Health Professions should be aware that a prior felony conviction will eliminate the candidate from consideration unless special circumstances are reported for consideration by the Admissions Committee. A prior felony conviction may restrict an individual's ability to obtain professional licensure or certification. Acceptance into a South University, Savannah educational program, or its completion, does not imply or guarantee that a student will be able to obtain such licensure or certification.

- Baccalaureate degree from a regionally accredited University, including above average performance in courses required in a premed curriculum. All prerequisite coursework must be taken within seven years from the date of application. The student's competencies in courses such as physics, chemistry, calculus and biochemistry may cause their progression in the program to slow if students do not recall fundamental principles from prerequisite courses.
- Official transcripts of all undergraduate and graduate course work.
- Graduate Record Examination [GRE] scores from either the written examination or the computer-based examination taken within five years prior to application. The Code for South University is 5157.

OR

- Medical College Admission Test [MCAT] scores may be submitted for consideration if completed within five years of the application. The applicant may print official results from the Medical College Admission Testing service website.
- Advanced placement credits for prerequisite coursework that appear in official transcripts may be considered based on courses, scores, and student's overall undergraduate performance.
- Three letters of recommendation are required. Two letters from persons familiar with the applicant's prior academic performance, academic potential, work habits, and suitability for graduate study leading to a career in clinical practice. No more than one letter may be a character reference.
- Completed form attesting to the applicants' familiarity with the practice of anesthesia, including the environment in which day-to-day work occurs.
- In the applicant's own words, he/she must write a summary of an article of her/his choice that appears in a current anesthesia journal.
- Receipt of a certified background check that has been completed within 3 months prior to the date of application.
- Submission of the completed application form and all of its components.

***Update to the Procedure for Admission to the Post Graduate Certificate Programs policy. Changes highlighted.***

**Procedure for Admission to Post Graduate Certificate Programs\*\***

The requirements for admission to the Post Graduate Certificate programs are as follows:

- Completion of application for admission and submission of the application fee (\$50.00).
- An official transcript documenting the award of a master's degree in nursing from an accredited nursing program with a GPA of 3.0 or better on a 4.0 scale.
- Official transcripts from every college or university attended.
- Holds a valid and unencumbered license as a registered nurse in the state in which the student completes all assignments for the program.
- Completion of a graduate nursing course in nursing research or evidence based practice in nursing.
- Submit, along with your packet materials, three references using the Nursing Graduate School Appraisal Form. At least two one of your references should hold a Master's in Nursing degree.
- Resume describing relevant work, professional, and volunteer experiences.

## STUDENT AFFAIRS

*Page 133*

*Update to the Non-Discrimination policy. Changes highlighted.*

### NON-DISCRIMINATION POLICY

South University does not discriminate or harass on the basis of race, color, national origin, sex, orientation, gender identity or expression, disability, age, religion, **veteran's status**, genetic marker, or any other characteristic protected by state, local or federal law, in our programs and activities. South University will not retaliate against persons bringing forward allegations of harassment or discrimination. The campus Dean of Student Affairs has been designated to handle inquiries and coordinate the campus' compliance efforts regarding the non-discrimination policy.

*Update to the Student General Complaint Procedures policy. Changes highlighted*

### Student General Complaint Procedures

If you have a complaint or problem you are encouraged to follow this procedure:

1. You should discuss complaints with the individual(s) and his or her supervisor within the appropriate department. Initial discussion should be with the person most knowledgeable of the issues involved or with immediate decision-making responsibility.
2. If you feel that the complaint has not been fully addressed, a written account should be submitted to the
3. Dean of Student Affairs if related to non-academic issues or to the Dean of Academic Affairs for academic issues. The written account should indicate your name, phone number, and ID and discuss the steps you have taken to remedy the situation.
4. The appropriate South University staff member or department will be notified of the complaint. A follow-up meeting with you and the Dean of Student Affairs and/or Dean of Academic Affairs will be held within ten school days of the date of the written complaint in an effort to resolve the issue.
5. If you are not satisfied with the results, you may file an appeal with the President's Office. The appeal should be in writing and contain your name and phone number. You should summarize the steps you have taken to remedy the situation and indicate why the results are not satisfactory. You will hear the results of the appeal within ten class days from the date the appeal is received.
6. If you follow this complaint procedure and still feel dissatisfied with the results you may send a written copy of the complaint to:

## ACADEMIC AFFAIRS

*Page 139*

*Update to the General Education Transfer Credit section of the Credit for Transcribed and Non-Transcribed Work policy. Changes highlighted.*

### **General Education Transfer Credit**

Students who enroll at South University having graduated with an A.A. or A.S. degree from a public, state-recognized 2-year college that participates in a statewide general education articulation agreement in the following states will have satisfied all Area I (General Education) Requirements:

- Alabama
- Florida
- Georgia
- North Carolina
- South Carolina
- Texas
- Virginia

In order to qualify, applicants must provide an official transcript verifying graduation with an A.A. or A.S. degree from an institution that meets the criteria described above. Certain programs at South University have specialized admission requirements, which are unaffected by this policy.

Acceptance of credits earned at other institutions, through examination, and/or other institutions, through examination, and/or other means described in this catalog is limited to 75 percent of the total hours required for an undergraduate degree. No more than half the major area course requirements can be earned through transfer credit, through examination, and/or other means described in this catalog. Note that programmatic accreditation and/or specific state requirements may alter these percentages.

*Page 139*

*Update to the Credits Earned at a South University Campus section of the Credit for Transcribed and Non-Transcribed Work policy. Changes highlighted.*

### **Credits Earned at a South University Campus**

Credits earned at any South University campus will be accepted at all campuses except as mentioned herein. If accepted, these credits will not be considered transfer credit (with the exception of Legal Studies ["LGS"] courses for students in the Associate of Science in Paralegal Studies or Bachelor of Science in Legal Studies programs); they will be included as credits earned at South University. If a campus should close a program in any state, students in good standing will be accepted at any South University campus having the same or a similar authorized degree program. The credits earned in the students' original degree program will be applied to the degree program at the new location.

*Update to the Associate and Bachelor's Degrees Program Graduation Requirements policy. Changes highlighted.*

## ASSOCIATE'S AND BACHELOR'S DEGREES PROGRAM GRADUATION REQUIREMENTS

To receive an associate's or bachelor's degree or certificate, (except for Nursing, Medical Assisting, and Occupational Therapy Assistant) a student must satisfy these four requirements:

1. Successfully complete the program requirements described in the Catalog.  
The student normally must complete the course requirements described in the catalog in effect when the student enrolled. However, academic programs are subject to change at the discretion of the institution. Students who leave the University longer than one calendar year will be required to meet catalog requirements in effect at the time of their return. Students may request department chair/coordinator approval for a course substitution or waiver. The registrar or dean of academic affairs must approve deviation from any program requirements.
2. The student must receive a cumulative grade point average of 2.00 or higher in all courses in the student's major (i.e., those described in Area III in the University's Academic Catalog).
3. The student must have a cumulative grade point average of 2.0 or higher for all coursework taken at the University. Students in the bachelor's degree PA program must have a cumulative grade point average of 2.50. To graduate with the baccalaureate nursing degree, the student must have a cumulative grade point average of 2.0 or higher for all nursing prerequisite coursework taken at the University, a cumulative grade point average of 2.5 or higher for all didactic coursework in the nursing program, and a passing grade in all lab or practice courses.
4. The student must abide by all University rules and regulations and settle any financial obligations to the University before graduation. ### **INSTITUTIONAL REVIEW BOARD (IRB)**

The mission of South University’s IRB is to protect the rights and welfare of human participants in research by reviewing all proposed research to be conducted by or with faculty, staff, and/or students of South University. The IRB will ensure that participants are treated in an ethical manner that is also in compliance with federal regulations and the principles outlined in the *Belmont Report*. Oversight of the IRB will be maintained by the Vice Chancellor for Academic Affairs (VCAA). This role will include coordination and consultation with the College and School Deans. Direct oversight of the IRB is maintained by the IRB Director of Training and Compliance, Assistant Director of Training and Compliance, and the IRB committee. According to HHS guidelines, an IRB should contain at least five members who are sensitive to community attitudes and knowledgeable about institutional commitments and regulations and as well as applicable laws and standards of professional conduct. There should be at least one member with a nonscientific concern, at least one member with a scientific concern, and at least one member from the community who is not otherwise affiliated with the institution. IRB information is available at the inside South University website. Research applications are submitted to the IRB ([irb@southuniversity.edu](mailto:irb@southuniversity.edu)) and reviewed at regularly scheduled committee meetings.

*Updates to the Graduation Requirements for the Anesthesiologist Assistant Program. Changes highlighted.*

### **ANESTHESIOLOGIST ASSISTANT PROGRAM GRADUATION REQUIREMENTS**

The faculty’s judgment of a student’s suitability and fitness for graduation is based upon more than scholastic achievement, and includes the applicant’s character, physical abilities, and interaction with patients, patients’ families, and other healthcare professionals. Eligibility for the Master of Medical Science degree in Anesthesiologist Assistant Studies at South University includes the following:

1. Residence of nine academic quarters.
2. Satisfactory completion of all classroom, laboratory and clinical work as recognized by the Progress and Promotions committee.

*Page 161 continued*

3. Continued demonstration of ethical and moral behavior and appropriate clinical decorum.
4. Adherence to all federal, state, and local laws, especially those pertaining to substance abuse.
5. Adherence to the rules and regulations of South University and of all institutions in which students have clinical rotations, especially those rules and regulations pertaining to patient care and confidentiality of medical records.
6. Student must be in good standing at the time of graduation; i.e. not be on any type of warning or probationary status.

*Addition of the Education Plans for Military Service Members policy.*

**Education Plans for Military Service Members**

Educational plans will be developed and reviewed with all of our military service members and veteran students by the Registrar's office. The educational plan will detail how the student will fulfill all of the requirements to graduate from the educational program as well as the expected timeline of program completion.

A second, updated student educational plan, will be provided to the student within 60 days after full acceptance to the University or after all required academic transcripts are received by the school or the student completes 9 quarter credit hours, whichever is achieved first.

Educational plans are being provided to new and reentry students who are expected to receive military benefits and who will start courses on or after July 1, 2013. If you are a student receiving military benefits and started classes before July 1, 2013, please contact the Registrar's office to receive more information or for the development of an educational plan.

**PAS5167 Musculoskeletal Care**

**Prerequisites: Admission to the Physician Assistant Program**

**Co-requisites: None**

Course covers the general approach to the patient with a musculoskeletal complaint. The course will include a review of anatomy and physiology of the musculoskeletal system. The primary focus will be on the physical examination, clinical manifestations, diagnosis, initial management and follow-up of musculoskeletal diseases. Other topics covered include general orthopedics as well as pediatric orthopedics. *3 quarter hours, Quarter 3*

**PAS5173 Professional Seminar I**

**Prerequisites: Admission to the Physician Assistant Program**

This course presents an introduction/overview of the Physician Assistant (PA) profession. Emphasis is placed upon the inception, history, and evolution of the PA profession throughout the fields of medicine and surgery; PA relationships with the supervising physician, the patient; responsibilities including the concepts of privilege, confidentiality and informed consent. This course will also explore a broad spectrum of patient types which the physician assistant will be providing care for in practice. Age, culture, language, lifestyle, and religion all have considerable impact on how patients access and respond to healthcare services. In addition, the physician assistant student's own background and beliefs will form the basis of their attitudes and behaviors. *2 quarter hours, Quarter 1*

*Pages 214 to 217 continued*

### **PAS5174 Professional Seminar II**

#### **Prerequisites: Admission to the Physician Assistant Program**

This is the second seminar in a series of two which addresses a variety of topics in physician assistant professional development. The course will cover Complementary and Alternative Forms of Healthcare and Medicine; to include mainstream adjuncts such as Physical Therapy, Nutrition, and Speech Therapy as well as Herbal and Cultural traditions. The learner will be able to identify and discuss a variety of therapeutic interventions based on patient information and preferences. The student will also explore Media and Medicine Topics to include the following: Health Literacy, Reliability of Information, Advertising and Health Care, Printed Material and Health Information, Video/Television/Movies and Health Care, Patient Education, licensing, hospital credentials/liability, malpractice insurance and building individual portfolios. *3 quarter hours, Quarter 5*

### **PAS5295 Applied Learning Experience I**

#### **Prerequisites: Admission to the Physician Assistant Program**

The purpose of this course is to provide students an opportunity to observe and participate in clinical experiences in a variety of community clinical sites, develop appropriate interpersonal skills in a medical setting and develop an understanding of the PA's role as a member of a healthcare team. Clinical specialty sites are assigned to coincide with didactic courses conducted each quarter. Clinical specialty sites include the following: physical screening clinics, orthopedics, cardiology, family practice, ENT practice, surgery, internal medicine grand rounds, gastroenterology, endocrinology, dermatology, plastic surgery, nursing homes, underserved medical clinics, ophthalmology clinics, and other various appropriate sites. Students will be put into practice initial physical examination skills and techniques as well as early documentation skills. In all ALE course rotations, students will keep a journal of one or more patient care experience and specifics of their particular specialty clinical experience. *1 quarter hour, Quarter 2*

### **PAS5296 Applied Learning Experience II**

#### **Prerequisites: Admission to the Physician Assistant Program**

The purpose of this course is to provide students continuing exposure and participation in clinical experiences in a variety of community clinical sites. Clinical specialty sites are assigned to coincide with didactic courses conducted each quarter. In addition, students will be able to practice initial clinical skills they are developing in the Clinical Skills course, to include injections and intravenous access and therapy. It will also include a typical Applied Learning Experience in any of a number of disciplines in medicine or surgery. There will be lecture with emphasis placed on recognizing common diseases that can be addressed with primary and secondary prevention efforts. A review of special topics in health will also be included. The clinical experience during this course will require a student to complete a journal of one or more patient care experiences and specifics of their particular specialty clinical experience. *2 quarter hour, Quarter 3*

### **PAS5297 Applied Learning Experience III**

#### **Prerequisites: Admission to the Physician Assistant Program**

The purpose of this course is to provide students an opportunity to observe and participate in clinical procedures in a variety of community clinical sites, develop appropriate interpersonal skills in a medical setting and develop an understanding of the PA's role as a member of a healthcare team. Clinical specialty sites are assigned to coincide with didactic courses conducted each quarter. Clinical specialty sites include the following: physical screening clinics, orthopedics, cardiology, family practice, ENT practice, surgery, internal medicine grand rounds, gastroenterology clinics, dermatology, plastic surgery, nursing homes, underserved medical clinics, ophthalmology clinics, and other various appropriate sites.

*Pages 214 to 217 continued*

Students will once again have an opportunity to utilize their increasing knowledge of various clinical skills including OR scrub techniques and suturing. The students will again complete a journal of one of more patient care experiences and specifics of their particular specialty clinical experience. *1 quarter hour, Quarter 4*

**PAS5298 Applied Learning Experience IV**

**Prerequisites: Admission to the Physician Assistant Program**

The purpose of this course is to provide students an opportunity to observe and participate in clinical experiences and procedures in a variety of settings as in their preceding ALE courses. The locations include multiple clinical office and hospital settings, as well as long-term care facilities. Students should continue to develop additional clinical knowledge and skills, cultivate interpersonal skills, and acquire further understanding of the PA's role as a member of a healthcare team. These sites are assigned to coincide with didactic courses conducted during this quarter. The students will increasingly develop their patient interview and physical examination skills. The students complete a journal of one or more patient care experiences and specifics of their particular specialty clinical experience. *1 quarter hour, Quarter 5*

**PAS5380 Clinical Medicine and Pharmacotherapeutics I Lab**

**Prerequisites: Admission to the Physician Assistant Program**

**Prerequisites: Admission to the Physician Assistant Program**

Small groups are specifically useful for developing higher order cognitive skills such as evaluation, problem solving, interpretation of complex concepts, and application of principles and basic information to practical problems. The small group is coordinated with the Clinical Medicine and Pharmacotherapeutics I lecture course in order to coordinate the skills learned in the classroom as well as to incorporate OSCE cases related to the classroom discussion.

*1 quarter hour, Quarter 2*

**PAS5381 Clinical Medicine and Pharmacotherapeutics II Lab**

**Prerequisites: Admission to the Physician Assistant Program**

As a supplement to the lecture sequences, students will meet weekly for case based laboratories. These will be small group labs facilitated by faculty group facilitators. The facilitator will have students work through case studies that correspond to current lecture sequences. The students will be given introductory information and must elicit the necessary information from the facilitator to lead to the formulation of an appropriate differential diagnosis, diagnosis, and management plan. This lab will require that students incorporate patient history, physical assessment, scientific concepts, and diagnostic studies to ultimately come to a logical differential diagnosis and final diagnosis. Students will then be required to utilize their knowledge of clinical therapeutics and diseases to develop a rational plan of management. Medical decision making and logic will be a key focus in lab sessions. *1 quarter hour, Quarter 3*
