

# **Drug and Alcohol Prevention Program and the Drug-Free Workplace and Campus Program**

**Revised: August 29, 2019**

## **Standards of Conduct**

The use of illegal drugs and the abuse of alcohol on the campus of South University or in facilities controlled by the South University are prohibited by college regulations and are incompatible with the South University goal of providing a healthy educational environment for students, faculty, staff and guests. The following information is provided in compliance with the Drug-Free Schools and Communities Act Amendments of 1989.

## **Effects of Drugs and Alcohol**

Although individuals often use drugs and alcohol to achieve a variety of effects on mind and body that are found to be temporarily useful or pleasurable, drugs can be highly addictive and injurious. A person can pay a price in terms of his or her physical, emotional, and social health.

This price can be paid in a number of ways. The risk of contracting sexually transmitted diseases, including AIDS, is increased through unwanted or unprotected sex when one is under the influence of drugs or alcohol. Drugs can be the trigger for violent crime. Economic and legal problems usually follow directly when one tries to support a drug habit by resorting to crime. The dependence, illness, loss of job, and loss of family or friends that can result from drug or alcohol use and abuse can be tragic.

In keeping with the mission of South University and the requirements of state and federal law, [school name] has adopted this program to ensure a drug-free campus and workplace and to prevent the use of controlled substances and the abuse of alcohol.

## Convictions for Drug-Related Offenses

Any student convicted of any drug-related criminal statute must notify the Dean of Student Affairs, in writing, no later than five (5) days after such conviction regardless of where the offense occurred. This is because under federal and state laws, any student convicted of a drug-related felony offense must be denied all federal and state assistance, including Pell Grants and South University Institutional Grant. However, a criminal conviction shall not be necessary to find that a student has violated these standards of conduct, and the South University need not, and ordinarily will not, defer its own actions and sanctions pending the outcome of any criminal proceeding.
