

WHO WE ARE

The Brown Mackie College system of schools (www.brownmackie.edu) is dedicated to providing educational programs that prepare students for entry-level positions, or to enhance their current professions, in a competitive, rapidly-changing workplace. Each Brown Mackie College school is licensed by the state in which it is located and accredited by accrediting bodies recognized by the U.S. Department of Education.

Brown Mackie College – Salina has a heritage dating back to 1892 as a single school, Kansas Wesleyan School of Business, which began operation on September 12, 1891. In 1938, the school was incorporated as The Brown Mackie School of Business under the ownership of Mr. Perry E. Brown and Mr. A. B. Mackie, former instructors at Kansas Wesleyan University in Salina.

The Brown Mackie College system of schools is proud of its commitment to support and educate our nation's service members, veterans and their families. The Brown Mackie College system of schools is approved for the training of veterans and eligible veterans' dependents using the US Department of Veterans Affairs education benefits and participates in the Yellow Ribbon Program for all eligible Post 9/11 GI Bill® beneficiaries. The Brown Mackie College system of schools has also signed the Memorandum of Understanding with the Department of Defense (DoD), allowing our service members to utilize their tuition assistance benefits at our institutions.

*GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at http://www.benefits.va.gov/GIBILL/Trademark_Terms_of_Use.asp.

WHAT WE DO

The Brown Mackie College system of schools offers bachelor's degree, associate's degree, certificate and diploma programs in the areas of nursing, healthcare and wellness, business and technology, legal studies and construction trades. The Brown Mackie College schools established a unique "one course a month" scheduling format that allows students to focus on one subject for one month, then move on to the next.

Courses are offered during days and evenings. Our class sizes are smaller to enable individualized attention. Ultimately, students are empowered to devote their energies to pursuing an entry-level position in their chosen fields or to enhance their current professions.
